PLFP Development Grants 2023/4 Case Study

THEME: Creation & Growth

GRANT AWARD: £3000

CILRATH ACRE PERMACULTURE DESIGN

Benefits provided

The purchase of permaculture design materials, seeds and plants, tools and gardening equipment to enhance ongoing food growing activities in support of Pembrokeshire FoodBank.
This will help to strengthen Cilrath Acre's commitment to food growing. It will also introduce features which will support nature and social and educational activity amongst volunteers and visitors.

Impacts and outcomes

As a result of this Food Development Grant, Cilrath Acre has been able to purchase most of this year's seeds as well as key tools and growing equipment. Implementation of this year's growing plan is now underway. Working with Patch of the Planet and Cilrath's volunteer community has resulted in a completed permaculture design.
A successful Seed Swap event was organized in Narberth in collaboration with the team at Queen's Hall Narberth welcoming over 100 people to the event, and was an opportunity to showcase the work done at Cilrath Acre and meet new volunteers.

Highlights

"We are proud to have helped deliver Narberth's first seed swap event, working collaboratively with the team at the Queen's Hall and other local community organisations including: Narberth WI, Narberth Museum, PLANED and Span Arts. We're confident that it will have inspired many local people to grow more food at home."

Future plans

To continue to work collaboratively with local organizations to share knowledge and expertise.

Grantiau datblygu PLFP 2023/24
Astudiaeth Achos

THEME: Creu & Thwf

GRANT AWARD: £3000

CILRATH ACRE
DYLUNIO PARAMAETHU

Y buddion a ddarparwyd
Prynu deunyddiau ar gyfer y cynllun paramaethu, hadau a phlanhigion, celfi ac offer garddio i hybu'r gwaith parhaus a wneir i dyfu cynnyrch er mwyn cefnogi Banc Bwyd Sir Benfro.
Bydd hyn yn helpu i gryfhau ymrwymiad Cilrath Acre i dyfu bwyd. Bydd hefyd yn cyflwyno nodweddion a fydd yn cefnogi natur a gweithgarwch cymdeithasol ac addysgol ymhlith gwirfoddolwyr ac ymwelwyr.

Effeithiau a chanlyniadau
O ganlyniad i'r Grant Datblygu Bwyd hwn, mae Cilrath Acre wedi gallu prynu'r rhan fwyaf o'r hadau eleni yn ogystal â'r prif gelfi a'r offer garddio. Mae cynllun tyfu eleni bellach ar y gweill. Mae gweithio gyda Patch of the Planet a chymuned wirfoddol Cilrath wedi arwain at gwblhau'r cynllun paramaethu. Trefnwyd digwyddiad Cyfnewid Hadau llwyddiannus yn Arberth ar y cyd â'r tîm yn Neuadd y Frenhines Arberth. Daeth dros 100 o bobl i'r digwyddiad, ac roedd yn gyfle i arddangos y gwaith a wnaed yn Cilrath Acre a chyfarfod gwirfoddolwyr newydd.

Uchafbwyntiau
"Rydym yn falch o fod wedi helpu i gynnal digwyddiad cyfnewid hadau cyntaf Arberth, gan weithio ar y cyd â'r tîm yn Neuadd y Frenhines a mudiadau cymunedol lleol eraill gan gynnwys: Sefydliad y Merched Arberth, Amgueddfa Arberth, PLANED a Chelfyddydau Span. Rydym yn hyderus y bydd wedi ysbrydoli llawer o bobl leol i dyfu mwy o fwyd gartref."

Cynlluniau yn y dyfodol
Parhau i gydweithio â mudiadau lleol i rannu gwybodaeth ac arbenigedd.
